

## Funding Approved For New Crossing on Sutton Road

Councillor Nathan Desmond, together with County Councillor Tracey Onslow for the St. Johns Division are **delighted to announce that they have secured the necessary funding to get a new, dedicated pedestrian crossing installed on Sutton Road, close to Brinton Park.**

Both Nathan and Tracey are committing £22k each from their devolved Highways budgets to make this project happen. **Highways have now agreed that they will fund the difference** which is expected to be around £40k. Many

residents over the years have raised this important issue, to request that a safe pedestrian route over to Brinton Park is provided across a busy road.

Nathan said, *“To finally get the money approved for this important project is brilliant news, local residents will be delighted. A pedestrian crossing on Sutton Road is long overdue and a real must for pedestrian safety”.*

**It is anticipated that the new pedestrian crossing will be installed during the summer period.**

Nathan is delighted that Highways have confirmed the additional funding to secure a crossing on Sutton Road. The works are due to commence over the summer.

## Litter on the Rifle Range

Cllrs Nicky and Kevin Gale are still concerned at the growing levels of litter and fly tipping on the Rifle Range. **Litter and household goods such as white goods, T.Vs and furniture are regularly being dumped, creating an eye-sore for local residents.**

Nicky said, *“Unfortunately litter and fly tipping on the Rifle Range*

*continues to be a real problem. We are regularly contacting WFDC and CHG to remove bulky items that have been dumped. It’s a growing problem and many residents are not happy with a few people dumping their bulky litter on the Rifle Range”.*

Litter and fly-tipping on the Rifle Range continues to blight our community, causing distress to the residents

## New Pavements Needed on Blount Terrace

Cllrs Kevin and Nicky Gale are very concerned with a large section of pavements on Blount Terrace. A number of residents have contacted your Conservative Team to highlight large sections of uneven and worn pavements.

Kevin said, *“We have raised this issue with Highways and have requested that large sections of pavement are completely resurfaced. We will keep residents updated”.*

Large sections of Blount Terrace pavement have been reported for urgent resurfacing works.

# Tackling Speed Across The Ward

**Your Conservative Team have listened to concerns of local residents on Sutton Park Road and on the Silverwoods estate by having Speed Activated Signs installed to warn speeding motorists.**

Residents have become concerned about the growing amount of speeding traffic on these two roads and both Nathan and Kevin have acted quickly to get speed signs installed, which have had a positive effect on reducing speeds. **Other roads to have the speed activated sign over the coming months, will be Goldthorn Road, Wilden Lane and Hoo Road.**

Nathan said, "Residents have let us know that speeding is still a problem on certain roads such as Silverwoods Way, Sutton Park Road, Hoo Road and Goldthorn Road and we are working to tackle this by having speed activated signs installed".

Residents have raised speeding concerns across the ward and the local team have responded with the installation of several speed activated signs

## New Drains Confirmed For Stourport Road

Cllrs Nathan Desmond and Nicky Gale are delighted to announce that **Highways have confirmed that new drains and gullies will be installed on the pedestrian crossing on Stourport Road to stop the flooding.**

Currently the pedestrian crossing floods when it rains heavy and many

residents have complained to your Conservative Team. Both Nathan and Nicky have been pushing Highways for well over 12 months to get a long term solution. Highways have now confirmed that extra drains and a new gully will be installed some time in the first quarter of 2023.

Your local team are delighted to confirm that drains and gullies will be installed early 2023 at the pedestrian crossing to reduce flooding
