

Our Plan For Wyre Forest

Scan for full manifesto

1 Double our Environmental Protection Officers

We will increase the number of Environmental Protection Officers from two to four to tackle littering, fly-tipping and dog fouling.

2 Increase the number of Civil Enforcement Officers

Increasing our Civil Enforcement team from six to seven will enable us to better deal with illegal parking on our estates and in our villages.

3 Redevelop Bridge Street, Stourport

We commit to redeveloping the Bridge Street site in Stourport by supporting mixed use redevelopment on this brownfield site.

4 Working collaboratively with the Town Council

Work hand-in-hand with our town council to improve local services important to you.

5 Scrap evening car parking charges and reintroduce free car parking

End parking charges after 6pm; restore one-hour free parking to one car park in each of our three towns; and reduce the cost of annual car parking permits for over 65's.

6 Reintroduce cultural events across the District

Using our parks and open spaces, we will provide festivals and music events (such as Bands in the Park) as well as offering a range of activities for children.

Wyre Forest Conservatives' exciting plan to bring energy, compassion and enthusiasm back to our district.

Speeding

Speeding continues to be an issue on many of our roads. As a Town Council we have invested in mobile VAS signs and will continue to liaise with Safety Road Partnership for enforcement.

Invest in our parks

Ensuring our parks and green spaces are protected and invested in for future generations is at the heart of our plan.

Our plan to restore pride to Wyre Forest

Our Environment

We will continue to work with third party agencies to improve our local environment and to discourage the blight of rubbish in our residential streets.

Increase Enforcement Officers

Our streets are dominated by parking issues. Only by increasing enforcement can we tackle this issue which will help reduce congestion in the town centre.

School Road Safety Issues

Yellow lines installed by the primary schools to ensure children's safety when crossing the roads providing clear visibility in the vicinity of the school gates.

High Street

Along with developing the Bridge Street brownfield Site, we will continue to locate absent landlords to open a channel of communication, and push for improvements in the conservation area.

Wyre Forest District Council Elections, Thursday 4th May 2023

Use your 3 votes to Elect **X**

Ken HENDERSON
Danny RUSSELL
Alan SUTTON

YOU WILL NEED ID TO VOTE

A strong local team for Areley Kings and Riverside

✓ We will work tirelessly all year round on the issues important to you.

APPROVED VOTER ID

- One of the following:
- Passport
 - Driving Licence
 - Over 65 Bus Pass
 - Voter Authority Certificate

Restore **PRIDE** in our District by removing the **CHAOS** of the Labour, Green and Independent controlled council

Dear Resident,

Ken, Danny and Alan are delighted to be your Conservative candidates for the Areley Kings and Riverside ward in the Wyre Forest District elections on May 4th. Ken is born and bred in Stourport and has proudly represented the Town for 16 years on the Town Council and 8 years on Wyre Forest District.

Danny has lived in Stourport for over 50 years. He is also a Town Councillor and was an active member of the former Workmen's Club as Secretary and President.

Both Danny and Ken have represented the Town as Mayor raising money for local charities and investing in life saving defibrillators around the ward.

Alan, after his service in the British Army, pursued an electronic engineering career. He brings a wealth of practical problem solving and project management experience. Alan moved into the area 8 years ago to marry his Stourport born partner Rachel.

For the last four years, whilst continuing to serve you on the Town Council and Ken as an opposition Councillor at District we have watched the services provided by the District Council deteriorate under the current Labour, Green and Independent administration.

Our local car parks no longer provide that vital free one-hour parking. This has subsequently increased the pressure on parking on the High Street, which is becoming more congested due to illegal parking. It sees little enforcement, increasing the pollution around York Street. Your local Conservative team are committed to increasing enforcement and returning the free hour parking to a car park in Stourport.

As many of you will know neither of us, or other members of the Conservative Group at District and Town Council, supported the ill-thought-out plans for the Bridge Street Car Park. As your District Councillors, we will fight for this to be developed as a mixed-use site. Not only to bring more business opportunities to the Town but further homes to assist with our local housing needs.

Over the last two years, the Town Council has taken on many vital amenities for our community from the District Council, the current administration is looking at ways to reduce their overheads but with no consideration of the additional costs to the Stourport Council Taxpayer.

Please just give us five minutes of your time on May 4th so that we can move forward from the last four years of chaos.

Yours faithfully,

Ken Henderson, Danny Russell and Alan Sutton
For the Areley Kings and Riverside Ward

What is at stake in Areley Kings and Riverside at this election?

Together we have made real progress on delivering for Areley Kings and Riverside, but there is still much more to do. So, for a strong and effective local team that will get things done Vote Conservative on Thursday, 4th May

Working with our Town Council

We will work with the Town Council to improve local services and to safe guard local facilities for the future. Over the last 4 years we have seen a number of amenities put at risk as the Labour, Green and Independent led administration at District continues to negotiate the transfer of parks and local amenities.

This has resulted in residents paying more in their council tax as the Town Council takes on more commitments from the District who subsequently have not lowered their precept after reducing their responsibilities.

The current Labour, Green and Independent District administration have reduced their responsibilities to the detriment of the tax payer.

Important services have been reduced and we will return litter squads and target anti-social littering with more enforcement.

Supporting Our Town Council

The current Council has reduced the support and services they give to our Town Council.

Working with our colleagues at the Town Council in the ward we will work tirelessly to ensure that you get your fair share of services such as funding for litter picking and bin emptying and street cleansing. WFDC have cut funding to neighbouring Parish Councils to carry out this work when in fact they have a statutory duty to undertake it. This is something that we oppose and will fight for Stourport.

Bridge Street car park must be developed to benefit our local economy and reflect its unique position by our canal basin, an important heritage asset.

Regenerating Bridge Street

We believe that the Labour/Green/Independent and at the time Liberal Democrat led Council acted without consideration with regards to the Bridge Street brownfield site planning proposal.

We pledge to ensure that this site is developed as a multi-use site to the benefit of the local economy. And will continue to locate absent landlords to improve the properties in our conservation area.
