

Our Plan For Wyre Forest

Scan for full manifesto

1 Double our Environmental Protection Officers

We will increase the number of Environmental Protection Officers from two to four to tackle littering, fly-tipping and dog fouling.

2 Increase the number of Civil Enforcement Officers

Increasing our Civil Enforcement team from six to seven will enable us to better deal with illegal parking on our estates and in our villages.

3 Redevelop Bridge Street, Stourport

We commit to redeveloping the Bridge Street site in Stourport by supporting mixed-use redevelopment on this brownfield site.

4 Working collaboratively with the town council

Work hand-in-hand with our town council to improve local services important to you.

5 Scrap evening car parking charges and reintroduce free car parking

End parking charges after 6pm; restore one-hour free parking to one car park in each of our three towns; and reduce the cost of annual car parking permits for over 65s.

6 Reintroduce cultural events across the District

Using our parks and open spaces, we will provide festivals and music events (such as Bands in the Park) as well as offering a range of activities for children.

Wyre Forest Conservatives' exciting plan to bring energy, compassion and enthusiasm back to our district.

Speeding

Speeding continues to be an issue on many of our roads. Working with the Police and Safer Roads Team we will continue to enforce our speed limits.

Increase Enforcement Officers

Our streets are dominated by parking issues. Only by increasing enforcement can we tackle this issue which will help reduce congestion in the town centre.

Our plan to restore pride to Wyre Forest

Our Environment

We will continue to work with third-party agencies to improve our local environment and to discourage the blight of rubbish in our residential streets and rural areas.

Recreation

Working with the Town Council we will ensure that our children have well-maintained and safe play areas.

Heritage

Working with partner organisations, we will continue to promote our town's heritage assets and rich history.

High Street

Along with developing the Bridge Street brownfield site, we will continue to locate absent landlords to open a channel of communication, and push for improvements in the conservation area.

Wyre Forest District Council Elections, Thursday 4th May 2023

Use your votes to elect **X**

Berenice DAWES
Dale MORRIS
Chris ROGERS

A strong local team for Mitton

YOU WILL NEED ID TO VOTE

✓ We will work tirelessly all year round on the issues important to you.

✓ We will work collaboratively with Stourport Town Council, supporting them on local issues.

APPROVED VOTER ID

- One of the following:
- Passport
 - Driving Licence
 - Over 65 Bus Pass
 - Voter Authority Certificate

Restore **PRIDE** in our District by removing the **CHAOS** of the Labour, Green and Independent controlled council

Dear Resident,

For the last four years, whilst continuing to serve you as opposition Councillors, we have watched the services provided by the District Council deteriorate under the current Labour, Green and Independent administration.

Our local car parks no longer provide that vital free one-hour parking. This was always a major benefit for local businesses and residents and its loss has increased the pressure on parking in the High Street. Stourport High Street was already struggling with increased congestion due to illegal parking – with little enforcement from the District Council – and all of these bad decisions have contributed to an increase in the pollution around York Street. So, your local Conservative team is committed to increasing enforcement and returning the free one-hour parking to a car park in Stourport.

As many of you will know, neither Chris, Berenice or other members of the Conservative Group at District and Town Council, supported the badly conceived plans for the Bridge Street Car Park. As your District Councillors, we will fight for this to be developed as a mixed-use site. Not only to bring more business opportunities to the Town but further homes to assist with our local housing needs. Chris at the full planning meeting raised several points in relation to the importance of heritage assets with the National Policy Framework. Specifically as Stourport is a location with national heritage significance - far too little importance had been given to this in the Conservation report.

Over the last two years, Stourport Town Council has been forced to protect vital community amenities by taking them, we will continue to ensure that this is done only after careful consideration and due diligence to protect your interests.

Please just give us five minutes of your time on May 4th so that we can move forward from the last four years of chaos.

Yours faithfully,

Berenice Dawes Dale Morris and Chris Rogers

What is at stake in Mitton at this election?

Together we have made real progress on delivering for Mitton, but there is still much more to do. So, for a strong and effective local team that will get things done Vote Conservative on Thursday, 4th May.

Working with our Town Council

We will work with the Town Council to improve local services and to safeguard local facilities for the future. Over the last 4 years we have seen a number of amenities put at risk as the Labour, Green and Independent led administration at District continues to negotiate the transfer of parks and amenities.

Resulting in residents paying more in their council tax as the Town Council takes on more commitments from the District who subsequently have not lowered their precept with less responsibilities.

The current Labour, Green and Independent District administration have reduced their responsibilities to the detriment of the tax payer.

Important services have been reduced and we will return litter squads and target anti-social littering with more enforcement.

Supporting Our Town Council

The current District Council has reduced the support and services they give to our Town Council.

Working with our ward colleagues at the Town Council we will work tirelessly to ensure that you get your fair share of services such as funding for litter picking and bin emptying and street cleaning. WFDC has cut funding to neighbouring Parish Councils to carry out this work when in fact they have a statutory duty to undertake it. This is something that we oppose and will fight for Stourport.

Bridge Street car park must be developed to benefit our local economy and reflect its unique position by our canal basin, an important heritage asset.

Regenerating Bridge Street

We believe that the Labour/Green/Independent, and at the time Liberal Democrat-led Council acted without consideration with regards to the Bridge Street brownfield site planning proposal.

We pledge to ensure that this site is developed as a multi-use site to the benefit of the local economy. And will continue to locate absent landlords to improve the properties in our conservation area.
